1. Introduction

National Museums Northern Ireland (NMNI) actively encourages loans from its collections to promote access to and disseminate information about its collections and to connect with the widest possible audience.

NMNI views loans as a collaborative partnership that enables us to maximise access to its collections.

NMNI lends locally, nationally and internationally to borrowers that can meet its loan conditions.

NMNI's policy on lending can be found in the Collections Information and Access Policy¹ and the supplementary Lending and Borrowing Policy².

NMNI must balance the work involved in loans with its own programme of activities and each loan will be considered on a case by case basis and with the appropriate assessment of risk.

This guide is intended to help make a successful application to borrow from NMNI collections and to make the process as easy as possible.

Loans are managed by the NMNI Registrar. (loans@nmni.com)

2. Who do we lend to

NMNI considers loan requests from any museum, gallery, library, archive, public organisation, charitable organisation or public venue for the benefit of public display and/or research purposes.

Loans to commercial organisations are considered only if objects are made accessible to the public and/or the loan is for research purposes, providing the loan conditions can be met.

Loans to private individuals are considered only for research purposes providing the loan conditions can be met.

3. Preliminary enquiries

Prior to the formal written request it may be useful to contact NMNI to discuss the loan. Please contact the Registrar who will direct the query to the correct person within NMNI. General collections information may also be found at <https://nmni.com/Home/Online-Collections> and for the oil paintings collection at <http://artuk.org>.

4. Formal requests to borrow

A formal written request should be sent to

Kathryn Thompson
Chief Executive
National Museums Northern Ireland
Cultra
Holywood
County Down
Northern Ireland
BT18 0EU

Information should include:-

- List of objects to be borrowed with accession numbers where possible
- Title and dates of exhibition (if applicable)
- Proposed duration of the loan (negotiable)
- Address of borrower and/or venue and contact details
- A clear rationale for the inclusion of the object requested for the exhibition/display/research project
- Details of any publication to be produced to accompany the exhibition/display/research project
- Exhibition organiser's address and contact details if different from borrower/venue details
- Details of tour and all proposed venues (if applicable)
- Details of any reciprocal or partnership proposals

5. How much notice does NMNI need

If possible, loan requests for local and national loans should be submitted at least six months prior to the requested start date of the loan and requests for international loans at least nine months prior.

NMNI will consider any requests falling outside the notice period on a case by case basis with consideration given to available resources and ability to complete loan processes before requested start date.

6. How decisions are made

When a formal request is received by the Chief Executive it will be forwarded to the Registrar and appropriate department for consideration. The loan will be acknowledged by the Registrar and further information may be requested.

To enable NMNI to assess the loan we require:-

- Venue facilities report
- Venue security report
- Details of proposed display/exhibition/research

NMNI will:-

- Notify the potential borrower if the object requested is required for NMNI displays, research or has already been committed for loan
- Assess the legal and ethical implications of the loan
- Assess physical suitability of object for loan and travel
- Assess the suitability of the venue, including potential borrower's ability to meet professional standards
- Assess the relevance and importance of object to the exhibition theme and content
- Assess the potential of knowledge enhancement
- Assess level of public access
- Assess the benefits of partnership activity
- Check resources are available to facilitate the loan

NMNI will work with the borrower to ensure any issues with requests are discussed and resolved to the satisfaction of both NMNI and the borrower.

7. If a loan is refused

Reasons NMNI may not lend include but are not limited to:-

- The requested object is required for NMNI displays, research or has already been committed for loan
- Legal or ethical issues prevent the loan
- The object is physically unsuitable for loan or travel
- The venue is unsuitable or cannot provide suitable professional standards
- The level of public access is inadequate
- The resources are unavailable to facilitate the loan

In cases where NMNI decides not to lend an object, consideration will be given to:-

- Substitution of an alternative object
- Allowing a reproduction to be produced and/or purchased
- Use of alternative media

8. Terms and conditions

Borrowers will be required to sign a Loan Agreement stating the terms and conditions prior to the release of the loan.

All terms and conditions of the loan must be agreed with NMNI. They include but are not limited to:-

- Duration of loan
- Display requirements
- Reproduction
- Insurance/Indemnity
- Transport

- Security

Loan Agreement terms and conditions will be provided on request.

Borrowers are requested to fully read and consider the Loan Agreement and any queries should be discussed with the Registrar.

9. Preparation for loan

NMNI will provide to the borrower:-

- Condition reports
- Assessment of preparation including costs if applicable
- Requirements for packing and transport
- Requirements for display
- Loan Agreement stating terms and conditions of loan

10. Reproduction

Photography of loaned objects for reproduction must only be undertaken by NMNI staff. Please contact the Picture Library Executive (picture.library@nmni.com) to:-

- Obtain images
- Get permission to reproduce
- Query copyright
- Agree acknowledgements.

11. Costs

NMNI will recover any direct expenses incurred when lending objects from the collection unless otherwise agreed. These normally include:-

- Photography (if required)
- Conservation (if required)
- Display preparation (if required)
- Packing
- Transport
- Insurance
- Courier costs (if required)

Where considerable staff time is required to facilitate a loan, NMNI may recover staffing costs. All costs will be notified to the borrower as early as possible in the loans process.

12. Insurance and indemnity

NMNI will give due consideration to the Government Indemnity Scheme Guidelines for national and non-national institutions³

³ Government Indemnity Scheme, Guidelines for national institutions, Arts Council England, January 2016

All risks, 'nail to nail' insurance or indemnity, at valuations determined by NMNI, may be required. The insurance or indemnity policy terms must be approved by NMNI and provisions of cover must be to an agreed standard. Proof of required insurance or indemnity must be received by NMNI before a loan is released.

13. Long-term loans

Long-term loan requests will be considered, in particular where they facilitate public access and promote partnership activity. Arrangements for long-term loans will generally be the same as for short-term loans. Long-term loans will be reviewed on a regular basis, normally annually.

14. Travelling exhibitions

NMNI produces travelling exhibitions, both collections and non-collections based. Exhibitions consisting of non-collection material are available to a wider range of venues.

Information on available exhibitions may be obtained from the NMNI Interpretation Manager. (exhibitions@nmni.com)

15. Acknowledgement

Acknowledgement must be made of NMNI in any exhibition captions, publicity (including graphics and social media) and publications unless otherwise agreed. The form of acknowledgement should be approved in advance by NMNI.

The borrower should inform NMNI of any events or publicity associated with the loan.

16. Contact

If you would like to discuss any aspect of the loans process please contact:-

Registrar,
National Museums Northern Ireland,
Cultra,
Holywood,
County Down,
Northern Ireland,
BT18 0EU.
(loans@nmni.com).
