A contemporary celebration in the heart of the city

With its spectacular location, phenomenal facade and glorious indoors, the Ulster Museum is the most stylish of wedding day destinations.

This unique venue within Belfast's beloved Botanic Gardens is the epitome of city centre cool – it's teeming with dramatic spaces and exquisite collections of art and history, for the chicest of wedding celebrations. Say 'I do' in the beautiful Belfast Room, explore Botanic Gardens for unforgettable photographs and host your sublime reception in the architecturally awesome Atrium. The Ulster Museum is the most breathtaking and contemporary of blank canvases. From unforgettable ceremonies to dazzling celebrations, this place has it all.

Elegant I do's

The most extraordinary moment of your day deserves the most awesome of backdrops. The Belfast Room is one of our original galleries and will bring a touch of the traditional to your cool and contemporary day.

With its white walls, polished parquet floor and own private entrance hall, this unique space is perfect for elegant civil and religious ceremonies. With beautiful natural light, a layout that creates a stunning aisle and a square arch as a ceremonial focal point, this room is a sublime backdrop for your grand entrance and vows.

Distinctly different daytimes

After your I do's, the Ulster Museum really comes into its own as an extraordinary location.

There are countless unique spaces and possibilities to take your urban wedding to the next level. Your guests can enjoy entertainment and drinks in the atmospheric Atrium surrounded by some of the museum's most iconic pieces or mingle in the more intimate Belfast Room. Relaxed walks in Botanic Gardens or laidback explorations of the museum's stunning and iconic collections make for seriously cool post-ceremony activities.

Ultra-modern banqueting

With its white colour palette and sky-high ceiling, the Atrium is a distinctive and dramatic space for an unforgettable wedding reception.

A stylish and flexible space, you can dress it to match your dream theme or keep it paired back and magnificently simple. Smaller, more intimate gatherings suit The Belfast Room beautifully. Two extraordinary spaces to suit the most contemporary of wedding banquets. Our chefs and Ulster Museum team will work with you to create the perfect menu of food and drink. From grand banqueting to haute cuisine, sharing roasts to a majestic high tea – the possibilities are endless.

Ethereal evenings

After hours, the Ulster Museum really comes into its own as an exquisite venue.

At dusk, this place takes on a completely different, otherworldly feel. Its spaces and collections beautifully illuminated, and no one else roaming the space but you and your guests. From 5pm you'll have exclusive use of the museum, and as there's only one wedding per day you'll have our undivided attention. Imagine dancing and revelling under the high ceilings, overlooked by our resident Triceratops. Yours will be a wedding party like no other.

Much more than just a day

Thank you for considering Ulster Museum for your special day. If you choose to host your wedding here, you'll enjoy a year of free membership to the Ulster Folk & Transport Museum. Your phenomenal support enables us to continue preserving, restoring and exhibiting Northern Ireland's treasures.
